

Are you ready for the 4th Annual Interdisciplinary Conference?

NOVEMBER 26 (evening celebration) & 27 (conference) – 2010
HOTEL SASKATCHEWAN RADISSON PLAZA, REGINA

COLLABORATIVE COMMUNICATION
- for patient centred care -

Last year's 2009 Annual Interdisciplinary Conference left its mark. While the conference sessions highlighted the importance of working together and engaging community and citizens as part of interdisciplinary teams, they also set a new precedent for collaborative thinking between health disciplines.

Be sure to mark the November 26 (evening) and 27, 2010 in your 2010 calendars, as the 4th Annual Interdisciplinary Conference – InterD4, will be held at the Hotel Saskatchewan, Regina. We are trying something different. Communimed will take us through a collaborative journey together. Communimed designs, develops and implements interdisciplinary programs for health professionals. Health care and innovative solutions are their specialty.

The three host organizations: the College of Physicians and Surgeons of Saskatchewan, the Saskatchewan College of Pharmacists and the Saskatchewan Registered Nurses' Association is gearing up with new developments and ideas that are taking formation right now. There will be a President's Social the evening of November 26, 2010. Keep your eyes and ears open as full details will be released in the next couple of months.
