

Dear Member:

All Saskatchewan College of Pharmacists (SCP) members must renew their membership annually; therefore we continually strive to assist you, the member, in completing the renewal process in the most timely and most efficient manner.

One of the strategies of the College's Strategic Plan Internal Strategies is "Optimize Use of Technology". To this end, we are moving to a paper-light office: you are encouraged to utilize the most current technology. \*For optimal use, we need your email address.

By renewing online it provides you with a quick, easy and paperless process. An enhancement to the online 2008-2009 renewal will be an electronic direct payment system that allows you to pay your membership online without exposing your credit card number. However, cheques will continue to be accepted.

We encourage you to renew online using the easy steps outlined below:

Go to: [www.napra.ca/](http://www.napra.ca/) Select the 'SK' button

From the SK homepage, select the

SCP ONLINE RENEWAL
