

NATIONAL DRUG SCHEDULES PROGRAM

Application for Interested Party Status

| Please provide an overview of the evidence-based information related to the scheduling factors that you or your organization plan to provide if granted Interested Party status. Note: the information does not need to be submitted at this time, but an explanation of the type of information you would submit is required. |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| |
| |
| |
| |
| |
| |
| Evidence-based information can be submitted via the Alternate Method of Participation. Please explain why you feel that you or your organization needs to be granted Interested Party status, which would enable you to make interrogatories of the applicant and make a presentation to the NDSAC. |
| |
| |
| |
| |
| |

| Please explain why you believe it would be in the <u>public</u> interest for you or your organization to be granted interested party status. |
|----------------------------------------------------------------------------------------------------------------------------------------------|
| |
| |
| |
| |
| |
| |
| |
| |
| |
| Please explain what you would see as the consequences to the <u>public</u> interest should your organization |
| not be granted interested party status, remembering that information can be submitted via the |
| Alternate Method of Participation. |
| |
| |
| |
| |
| |
| |
| |
| |
| |
| Please provide any additional rationale to support your application for interested party status that is |
| focused on the public interest and based on evidence-based information related to the scheduling |
| factors. |
