

Application

Subject Matter Expert for Compounding Standards Working Group

General Information	
Name:	
Address* (City, Province):	
Province or territory of primary practice location:	Type of practice location (community, hospital, etc.):
Email:	Telephone #:

**Please note applicants must have Canadian residency to be considered as an SME for a NAPRA working group*

Statement of Interest
<p><i>Please briefly describe why you would like to serve as a subject matter expert on the compounding standards working group.</i></p>

Relevant Skills and Experience
<p><i>Please briefly describe your skills and experience in sterile-hazardous, sterile-non-hazardous, non-sterile-hazardous and/or non-sterile-non-hazardous compounding. Please clearly describe in which of the four categories you have experience, and the length of your experience in the area.</i></p>
<p><i>Please briefly outline any experience working on committees or working groups in the past.</i></p>

Please briefly outline any experience working in standards development in the past.

Please briefly describe any potential conflict of interest between your compounding practice and the public interest mandate of the pharmacy regulatory authorities, including how you would propose to mitigate the risks of conflict of interest.

Please explain how you would handle requirements for privacy and confidentiality should you be appointed to the working group.

Letter of recommendation

Please attach one (1) letter of recommendation from an individual or organization with knowledge of your background and expertise that does not present a real or perceived conflict of interest related to this project (e.g. pharmacy regulatory authority, university faculty, etc.). This letter can be from one of the references below.

Curriculum Vitae OR Resume

Please attach a recent copy of your CV or Resume

References

Please provide contact information for two references that would be able to speak to your qualifications and suitability as a member of the compounding standards working group:
